Our students welcome you!

Hello my name is Sebi and I went to Whitmore Park Primary School

I am writing this to tell you not to worry about your transition to Year 7. When I first came to President Kennedy School, I was nervous and scared but those feelings slowly went away. The more time I spent at President Kennedy School, the more excited I became as I realised how many opportunities were available to me.

For example, in November, I decided to try out for Romeo and Juliet and I got the part as Romeo!!! This was a huge milestone and an amazing opportunity. I got to perform in front of a huge audience and it was super exciting as it boosted my confidence and helped me expand my social bubble.

After that, another opportunity came where I was picked to debate a topic in front of Coventry's Rotary Club and President Kennedy School was awarded second place. I was voted the best chair person out of all the people there.

Overall so far President Kennedy School has been amazing and I think. Wait, no. ***I KNOW***! That you will love it just as much as me.

Hello my name is Ardell and I went to 3 different schools John Shelton, St John`s and Keresley Grange

When I joined Year 7 I was so nervous and scared about making new friends. For a few days, I stayed with my friends from primary school instead of anyone else. Then I became more confident and I started to make new friends.

I've always loved performing in front of others and entertaining so my life took a wild turn when I started the President Kennedy School Talent show. At first, I was so nervous but I made into the second round. I was so happy I jumped in excitement. I ended up winning first place in the President Kennedy School Got Talent competition.

President Kennedy School has given me so many new opportunities! You are going to love it!

Hello my name is Tanaya and I went to Holbrook Primary School

In this school there are many extra-curricular activities that you can enjoy such as Football, Rugby, Basketball and Volley ball and many more. There are also many other clubs like Maths, English and if you really want there might even be a Lego Club.

Anyway, another reason why I love this school so much are the amazing and extraordinary teachers! They are so kind even when you make a mistake they will help you over and over again.

At President School, you can also learn so much from ONE LESSON. I'm sure this school will be the perfect school for you, and if have any issues, you can always talk to the teachers.

Another reason why I find this school special, is because The Bridge is for Year 7 only. It is for children to feel safe, and to connect with one another to make new friends.

For now until Year 7… Goodbye.
