Our students welcome you!

Hello my name is Teboho and I went to Parkgate Primary School.

During the time I had to prepare for arriving at President Kennedy school, I had a tornado of emotions swirling inside me; it was overwhelming going to a different school, an unfamiliar environment and especially the new people.

After the days past, I felt at home - a new feeling awoke in me, a sense of belonging. The Bridge felt safe and was certainly a place to create connections to those around me. From the very first day, I knew that this place was my second home a place of comfort, a place that I could go to in times of worry.

After I settled in, I proceeded to go on various journeys such as going on trips which I enjoyed the most. I also joined the School Council where I met like-minded people like me.

Based on my experience, I love this place and I want others to enjoy it just as much as I do.

Hello my Name is Yuvraj and I went to John Shelton Primary School

When I started at secondary school, I felt super nervous since it was a school with lots of students I didn't know. Luckily, I had some friends with me to support me that are also at President Kennedy School. It didn't take long to make new friends who are just as kind as my old friends.

The Bridge is the best, as it is full of wonderful teachers who care for you and The Bridge also keeps you feeling safe as it is a place dedicated to only Year 7.

I have participated in so many clubs such as football, cricket, and homework club. In homework club we do home work that we cannot complete at home or don't have time to, which supports us.

I feel that President Kennedy School is very welcoming and that the learning really is outstanding. Teachers teach you so many things you didn't know. This amazing school offers a range of visits to go on – such as a trip to a University!

We can't wait for you to start your journey here.

Hello my name is Ethan and I went to Wheelwright Lane Primary School

On my first day of school I had mixed emotions, I was partly nervous but most of all excited. As the days have ticked on, I have really settled in nicely. President Kennedy School has great activities tor you take part in such as, football (which is my favourite), basketball, cricket, rugby and drama. I've made lots of new friends - mostly when playing for the school football team. We have had great fun travelling around the West Midlands competing against other schools.
When I was signed for Aston Villa Academy, the teachers were very helpful and they continue to support me on my journey to thrive and do well at President Kennedy School.

My advice is to always show pride to help you succeed and make your experience here as enjoyable as possible.

I am very happy to be part of President Kennedy School and look forward to the many opportunities I have yet to explore. There's no need to feel nervous as you will always find a friendly face and something interesting to take part in.
