# **TRANSITION WEEK ARRANGEMENTS**

- **If a student is taking a taster session on a subject delivered at a different school (Barr's Hill or Stoke Park) – we will be transporting them to and from the school.**
- **This will only happen during the Post Transition programme – once students start in September they make their own way to and from the different school. Students can claim back bus fares for this additional transport.**

# Where to go during break and lunch:

You have the learning resource centre (PG06 and 7) as your social space all week. You should spend your break and lunch here.

You can choose to go off site for lunch only, but you must be back by 13:00 and you must sign in and out from student reception. Any students who do not sign back in by 13:00 will have their place next year at risk

You will share this space with current year 12s – get to know them and ask them any questions you might have!

Your taster lessons will be dotted around the Post 16 block (and occasionally some rooms in the main building)– please support any students who look lost and help them find their way around!

# Your timetable for the week

- You have a mixture of subject lessons and workshops
- The workshops are all designed to give you an insight into life in P16 and to prepare you for September
- If you have changed your mind on the subjects you wish to study since applying to P16 please speak to me during the P16 transition

# Post 16 workshops

- Day in the life of a Post 16 student
- PRIDE and student leadership
- Revision strategies in Post 16
- Finance Friday taster session

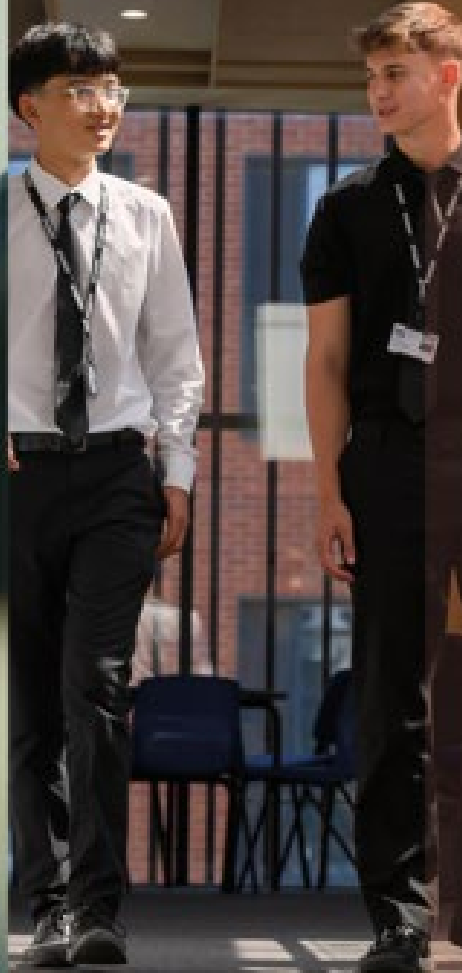

# The Post 16 intent

“students leave post 16 as exceptional young people with the qualifications, personal qualities and knowledge to be fully prepared for LIFE, ACADEMIA and WORK for the next stage of their lives”

Post 16 Transition will showcase these three areas and give you an idea of how they work within Post-16 Select.
