

	Term 1	Term 2	Term 3
Year 7 <i>Population and Globalisation</i>	<p>Transition – Population</p> <p>What is Geography? ⇒ An introduction to what Geography is and its importance.</p> <p>Why do people settle? ⇒ Using maps ⇒ Why did people settle in Coventry? ⇒ Global population distribution and change</p>	<p>Population</p> <p>How can urban living be more sustainable? ⇒ Why do cities grow? ⇒ How does migration affect Coventry’s population? ⇒ Megacities and managing overpopulation</p> <p>Globalisation</p> <p>What is globalisation? ⇒ What is development? ⇒ Uneven development ⇒ How are we connected?</p>	<p>Globalisation</p> <p>Who are the winners and losers of globalisation? ⇒ TNCs ⇒ Fast fashion ⇒ How has globalisation widened the development gap? ⇒ How can companies be more ethical?</p>
Year 8 <i>Human Impacts on Planet Earth and Natural Hazards</i>	<p>Human Impacts on Planet Earth</p> <p>At PK, what renewable energy strategies would be most effective? ⇒ Natural causes of climate change ⇒ Human causes of climate change ⇒ Impacts of climate change ⇒ Renewable energy</p>	<p>Human Impacts on Planet Earth</p> <p>How can the global community work together to reduce the impacts of human activity? ⇒ How can the global community work together to reduce the impacts of climate change? ⇒ The future of climate change ⇒ Living in balance with the rainforest ⇒ How are different countries exploiting the resources of Antarctica</p> <p>Natural Hazards</p> <p>Why is the USA vulnerable to so many natural hazards? ⇒ What is a natural hazard? ⇒ Structure of the Earth ⇒ How does the USA experience different impacts of earthquakes?</p>	<p>Natural Hazards</p> <p>Why is the USA vulnerable to so many natural hazards? ⇒ Why do earthquakes occur? ⇒ Managing earthquakes ⇒ Hurricane Katrina ⇒ Wildfires ⇒ Climate change and natural hazards</p>
Year 9 <i>Russia and The African Continent</i>	<p>Russia</p> <p>How have physical processes shaped Russia and its people? ⇒ Perceptions of Russia ⇒ Russia’s physical landscape ⇒ How developed is Russia? ⇒ What is it like living in Russia?</p> <p>How sustainable is Russia’s power? ⇒ Inequality in Russia ⇒ Russia’s role in harnessing and trading energy</p>	<p>Russia</p> <p>How sustainable is Russia’s power? ⇒ What makes a country powerful? ⇒ How powerful is Russia?</p> <p>Africa</p> <p>How have physical and human processes shaped Africa and its people? ⇒ Perceptions of Africa ⇒ Africa’s physical landscape ⇒ Population distribution in Africa</p>	<p>Africa</p> <p>How have physical and human processes shaped Africa and its people? ⇒ Why is Africa the poorest continent? ⇒ Causes and consequences of uneven development.</p> <p>How sustainable is economic development in Africa? ⇒ What strategies have been used to increase economic development within African nations? How effective have these strategies been? ⇒ How can a country’s level of development be improved?</p>

Year 10 AQA	The Changing Economic World (Paper 2) ⇒ The development gap ⇒ Nigeria: a newly emerging economy ⇒ The changing UK economy		Natural Hazards (Paper 1) ⇒ Natural hazards ⇒ Tectonic hazards ⇒ Weather hazards ⇒ Climate change		Physical landscapes in the UK (Paper 1) ⇒ UK landscapes ⇒ River landscapes ⇒ Fieldwork Urban Issues and Challenges (Paper 2) ⇒ The urban world	
Year 11 AQA	Urban Issues and Challenges (Paper 2) ⇒ Lagos ⇒ UK urban changes Physical landscapes in the UK (Paper 1) ⇒ Coastal landscapes		The Living World (Paper 1) ⇒ Ecosystems ⇒ Tropical rainforests ⇒ Hot deserts The Challenges of Resource Management (Paper 3) ⇒ Resource management ⇒ Energy management		Paper 3 – pre-release Revision	
Year 12 Edexcel	Physical Geography (Paper 1) Tectonic processes and Hazards ⇒ Why are some locations more at risk from hazards? ⇒ Why do some tectonic hazards develop into disasters? ⇒ Management of tectonic hazards and disasters	Human Geography (Paper 2) Globalisation ⇒ Causes and acceleration of globalisation ⇒ Impacts of globalisation for countries, different groups of people and cultures and the physical environment	Physical Geography (Paper 1) Coastal landscapes and change ⇒ Different coastal landscapes and key processes ⇒ Coastal landforms and landscapes	Human Geography (Paper 2) Globalisation ⇒ Consequences of globalisation for global development and the physical environment Regenerating places ⇒ How and why do places vary? ⇒ Why might regeneration be needed in places?	Physical Geography (Paper 1) Coastal landscapes and change ⇒ How do coastal erosion and sea level change alter the physical characteristics and increase risk? ⇒ How can coastlines be managed to meet the needs of all players?	Human Geography (Paper 2) Regenerating places ⇒ How is regeneration managed? ⇒ How successful is regeneration? How do we measure the success?
			NEA (coursework)		NEA (coursework)	

<p>Year 13 Edexcel</p>	<p>Physical Geography (Paper 1)</p> <p>The water cycle and water insecurity</p> <ul style="list-style-type: none"> ⇒ The processes of the hydrological cycle at a local and global scale ⇒ Factors that influence the hydrological system over short and long-term timescales ⇒ Water insecurity 	<p>Human Geography (Paper 2)</p> <p>Superpowers</p> <ul style="list-style-type: none"> ⇒ Superpowers and how they have changed over time ⇒ Impacts of superpowers on the global economy, political systems and physical environment ⇒ Spheres of influence and superpowers 	<p>Physical Geography (Paper 1)</p> <p>The carbon cycle and energy insecurity</p> <ul style="list-style-type: none"> ⇒ The carbon cycle and planetary health ⇒ Consequences of our increasing demand for energy ⇒ How are the carbon and water cycles linked to the global climate system? 	<p>Human Geography (Paper 2)</p> <p>Health, human rights and intervention</p> <ul style="list-style-type: none"> ⇒ Variation in human development levels ⇒ Variation in human rights ⇒ Human rights and political and military intervention ⇒ Outcomes of geopolitical interventions 	<p>Revision and synoptic links</p>
