

You can access both MS Teams and all of the O365 applications using your X-Box with details shown below to show you how.

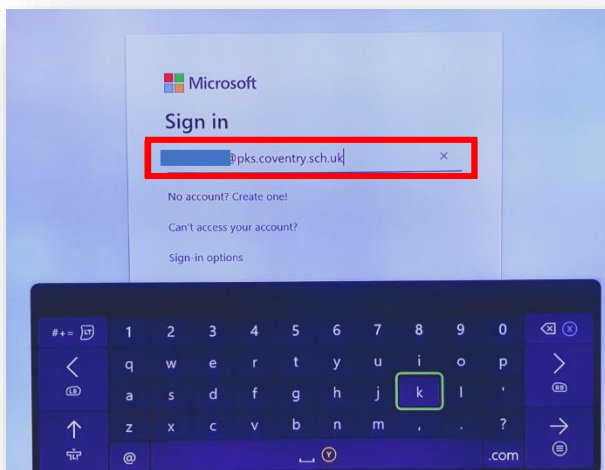

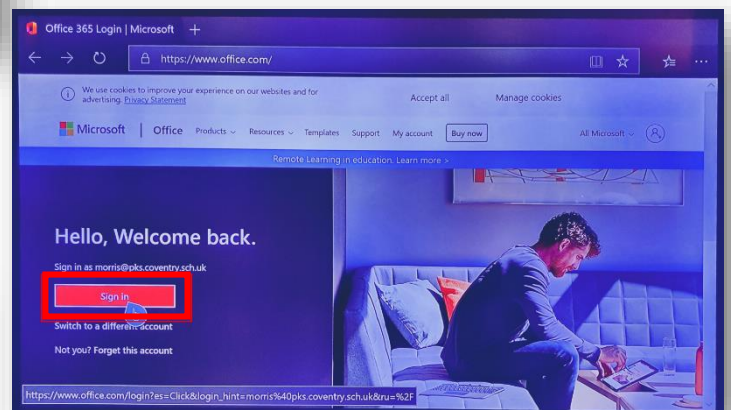

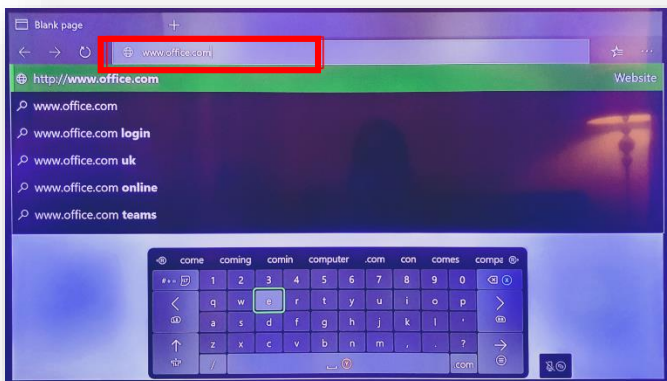

Step 1 – Select My Games and Apps from the Xbox Dashboard

Step 2 – Select Microsoft Edge

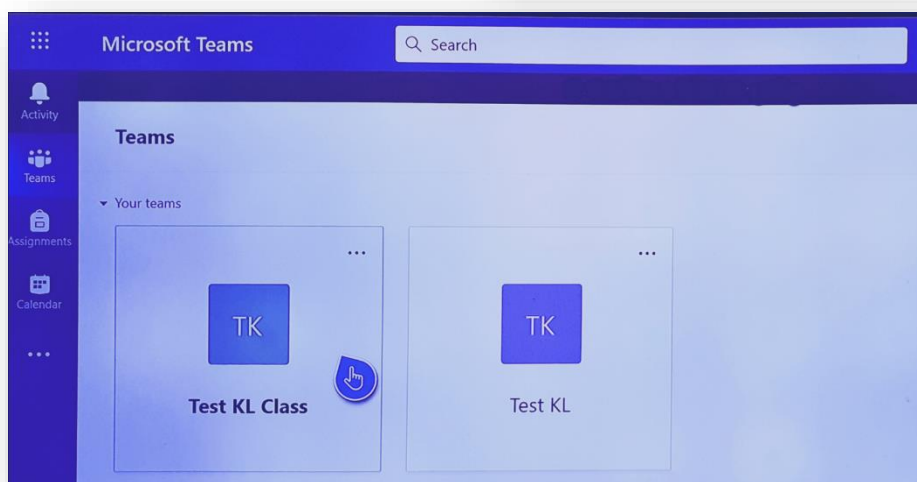

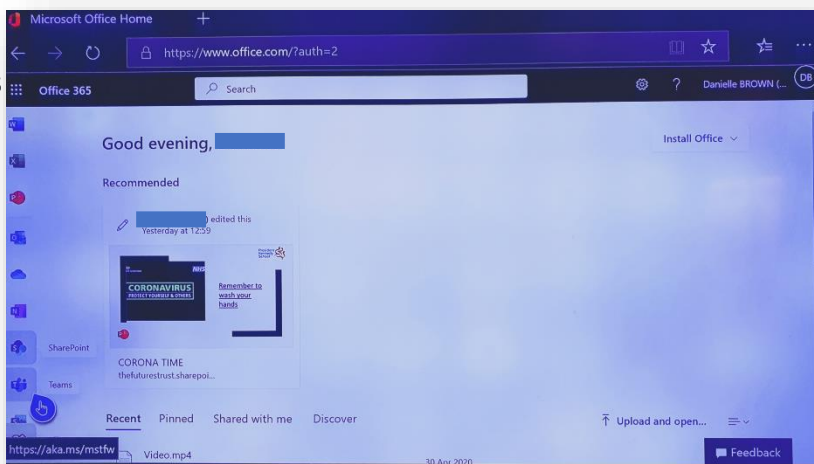

Step 3 - Type in Office.com and log in as you would in school.

Step 4 - You can access your work on Teams as well as use key packages such as Outlook, OneDrive, Word, Excel and PowerPoint

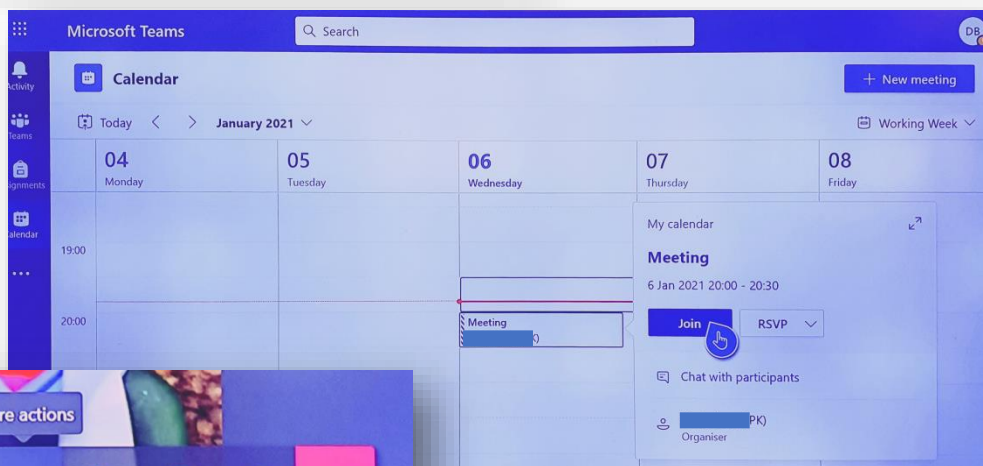

On the O365 homescreen you can access all of the O365 applications

In Teams you can access your class Teams where you will find your work and assignments

You can join Online Lessons using the Teams Calendar and access the controls whilst on a video call

You can access your email and respond using the onscreen keyboard
