

Dates for your Diary

Open Evening - Thursday 22nd September 4:30pm to 7:30pm

Dear Parents, Carers and Students,

I am absolutely delighted to welcome students back to school after their summer break.

I would like to take the opportunity to thank you as parents/carers for the support you have provided which ensured students have returned so well.

They all looked incredibly smart and showed exceptional PRIDE in how they have begun their new school year. A special mention to our new Year 7s who have already settled so well.

We look forward to another successful year at President Kennedy School and build upon the excellent success stories and superb exam results from the summer.

Wishing you all a great weekend,

Ms Rooke, Headteacher

WELCOME YEAR 7!

What an impression Year 7 have made so far. Our new Year 7 arrived looking absolutely wonderful in their President Kennedy blazers.

They have already demonstrated great independence, maturity, as well as showcasing our school ethos of PRIDE through impeccable manners, resilience in adapting to their new

environment and their kind attitude towards each other. I can honestly say it already feels like they have been here for months. What a truly amazing year group.

I look forward to seeing them thrive with us here in The Bridge.

Mrs Alexander-Weller, Director of the Bridge

Students Revel in Exam Success!

Congratulations to our Year 11 and Year 13 students who achieved another set of excellent exam results.

Year 11 exceeded 2019 exam results (the last set of exam results) on every attainment measure and 70% of our Year 13 students have secured places in the top 50 universities in the country. 95% secured their first choice destination at either university or apprenticeship. Congratulations!

Ms Rooke, Headteacher

Our P16 students did *phenomenally* well this year.

Nearly all students have gone onto positive destinations including university, apprenticeships and employment.

This is an outstanding achievement considering the unique context of these students.

Their resilience in tough times has been made possible by the relationships with staff and the support they have given.

Thank you for all your help in allowing these students to build brighter futures.

Mrs Mitchard, Director of Post 16

Building Brighter Futures
